# **Private Chef...**

# **What a concept!**

**Flavorful cuisine from sunrise to sunset, expertly prepared for you in the privacy of your villa. .**

We are proud to announce a new concept for your unforgettable stay at Exclusive Haven. If you wish to take advantage of the privacy of your villa without the fuss of having to shop and prepare the meal yourself, you can enjoy an excellent restaurant in your villa with a Personal Chef.

We bring culinary experience and a passion for first-class cuisine directly to you! Barbequing fresh fish, bought from the local quayside, glass of rosé in hand is one of the great holiday pleasures, after all. Each of our Chefs is fully qualified. They will call you before and discuss your personal requirements. You can select from a range of menus and dishes including all the local Mediterranean specialities. If you choose, they will also select wines to complement your menu. All clearing and cleaning is done before they leave. You can hire a private chef to be yours for dinner, for the day, the weekend or longer.

**A Personal Chef is truly a unique and luxurious Experience! Now you have the chance to live this experience!**

# Nanny Service

Family holidays are incredibly precious for time with the kids, but sometimes the adults need a break too, which is why we offer our Private Nanny Service. Our Nanny will look after your children in the comfort and security of your own villa, allowing you the chance to explore the island, enjoy a long lunch by the beach or enjoy an intimate romantic dinner for two!

Our nanny is qualified, holds a first aid certificate and has undergone our own rigorous screening. We have gone to great lengths to ensure that you will feel absolutely confident in her ability to care for your children.
